Social Media Marketing Strategy for Aero Fit – Fitness Footwear Brand

Submitted by:

Kommuru Venkata Ajay

Email: azaimahirat@gmail.com

Subject: Social Media Marketing [SMM]

Platform: Simplilearn | SPJ DM - Social Media Marketing

Date: March 2026

Problem Statement

Social Media Marketing to regain the overall CMS (Customer Market Share) and RMS (Revenue Market Share) for Aero Fit by building a strong and active digital presence across the right social media platforms.

About the Brand: Aero Fit

Aero Fit is a well-known footwear brand focusing on the fitness category. It serves three segments: premium, standard, and economy. The brand has a solid offline presence with around 40% COCO outlets and the rest through franchise partners. Despite being a market leader, its volume growth in the last three years has stayed below 5%, while the industry grew at double digits — mostly driven by online marketing and digital promotions.

Industry Statistics Overview

Parameter	Data
Annual Industry Online Sales	\$2 Billion
Total Promotional Spend	\$120 Million
Social Media Revenue Share	22%
Organic Revenue Share	38%
PPC Revenue Share	32%
Email Marketing Share	3%
Influencer Marketing Share	5%

Platform	Sales Impact	Priority
Facebook + Instagram	5x	Highest
LinkedIn	3x	High (B2B)
YouTube	2x	Medium
X (Twitter)	1x	Low
Pinterest	0.5x	Not recommended now

Task 1: Comprehensive Social Media Strategy for Aero Fit

1.1 Strategy Outline

My strategy for Aero Fit focuses on three main goals:

- Build brand awareness on social media through consistent content and engagement
- Drive traffic to the e-commerce website and increase online sales
- Regain customer and revenue market share by positioning Aero Fit as the top fitness footwear brand online

1.2 Budget Allocation

I recommend Aero Fit allocate 30% of its overall marketing budget to social media in the first year since the brand is starting from scratch digitally.

Platform	Budget %	Reason
Facebook + Instagram Ads	45%	Highest sales impact (5x), largest audience
YouTube Ads & Content	20%	Strong 2x impact, fitness content works well
LinkedIn (B2B)	15%	3x impact, target gym owners and corporates
Influencer Marketing	12%	Drive organic trust and reach
Tools & Content Creation	8%	Design, scheduling and automation

1.3 Right Social Channels

Primary: Facebook + Instagram (5x impact) and YouTube (2x impact, great for fitness content).

Secondary: LinkedIn for B2B targeting gym owners, corporates, and sports retailers.

Not recommended yet: Pinterest (only 0.5x impact).

1.4 Target Audience

- Primary: 21–30 years — fitness enthusiasts, young professionals, college students
- Secondary: 30–40 years — working adults, gym regulars, health-conscious parents
- B2B: Gym owners, corporate HR teams, sports retailers, sports coaches

1.5 Competitor Best Practices

- Nidas (5% discount): Uses aspirational lifestyle imagery — Aero Fit should do the same for premium segment

- Dike (10% discount): Runs strong retargeting ads — Aero Fit must set up Meta Pixel for this
- Buma (15% discount): Uses countdown timers in ads to create urgency — Aero Fit should copy this
- Teebok (12% discount): Partners with fitness influencers — Aero Fit should collaborate with fitness coaches on Instagram and YouTube

Task 2: Social Media Content Calendar for Aero Fit

A content calendar helps Aero Fit post consistently across all platforms. Below is the monthly content calendar and content strategy I designed for the brand.

Screenshot: Monthly Content Calendar – April 2026

Monthly Content Calendar — Sample (April 2026)

Week	Monday	Wednesday	Friday	Platform	Format
Week 1	New product launch post: Running Shoe	Fitness tip: Choosing the right shoe for your workout	Weekend offer: 12% off sitewide	Facebook + Instagram	Image + Story
Week 2	Customer testimonial video	Behind the scenes: Product manufacturing	Influencer collaboration Reel	Instagram + YouTube	Video + Reel
Week 3	Blog share: Benefits of fitness footwear	Poll: What matters most in a running shoe?	Flash sale announcement	Facebook + LinkedIn	Link Post + Poll
Week 4	Month recap + best moments	UGC: Customer photos and stories	Motivational quote + product tag	All platforms	Carousel + Story

Analysis: This content calendar shows a structured week-by-week plan for Aero Fit covering Facebook, Instagram, YouTube, and LinkedIn. Each week has a different content theme including product launches, customer testimonials, behind-the-scenes content, influencer collaborations, flash sales, and motivational posts. This ensures consistent posting and audience engagement throughout the month.

Screenshot: Content Mix Strategy (70-20-10 Rule) & Posting Frequency

Content Mix Strategy (70-20-10 Rule)

- 70% Value-based content: Fitness tips, workout guides, how-to videos, motivational posts — content that genuinely helps the audience
- 20% Brand content: Product launches, new collection reveals, behind-the-scenes content about the brand
- 10% Promotional content: Discount offers, limited-time deals, sale announcements — keep this low to avoid being too sales

Posting Frequency Recommendations

Platform	Frequency	Best Time to Post	Recommended Content Format
Instagram	5-6 times/week	7-9 AM, 6-9 PM	Reels, Stories, Carousels, Static Posts
Facebook	4-5 times/week	1-3 PM, 7-9 PM	Videos, Link Posts, Events, Facebook Live
LinkedIn	2-3 times/week	8-10 AM (weekdays)	Articles, Case studies, B2B offers, polls
YouTube	1-2 times/week	Friday-Sunday afternoons	Product reviews, Workout guides, Brand stories

Analysis: The 70-20-10 content rule ensures Aero Fit does not over-promote. 70% of content is value-based (fitness tips, workout guides), 20% is brand content (product launches, behind-the-scenes), and only 10% is direct promotional content. The posting frequency table shows optimal times for each platform — for example, Instagram should post 5-6 times per week at 7-9 AM and 6-9 PM for maximum reach.

Task 3: Facebook Page Creation, Optimization & Scheduling Posts

3.1 Steps to Create the Aero Fit Facebook Page

1. Go to facebook.com and log in with a personal account
2. Click on 'Pages' in the left menu, then click 'Create new Page'
3. Enter Page name: 'AeroFit' and Category: 'Apparel & Clothing'
4. Add Bio/Description about Aero Fit's fitness footwear products
5. Upload Profile Photo (Aero Fit logo) and Cover Photo (fitness banner)
6. Add contact details: website, email, phone, and location (Mumbai, Maharashtra)
7. Add a 'Shop Now' CTA button linked to the Aero Fit website
8. Click 'Create Page' and publish

Screenshot: Facebook Page Creation Screen – AeroFit

The screenshot displays the Facebook 'Create a Page' interface. On the left, the form is partially filled: 'Page name' is 'AeroFit' (marked with a green check), 'Category' is 'Apparel & clothing' (marked with a green check), and 'Bio' contains the text 'Aero Fit is a premium fitness footwear brand offering running, training, and casual shoes for every workout. Shop online for the best quality at the best price.' A 'Create Page' button is at the bottom left. On the right, a 'Desktop preview' shows the resulting page layout. The page name is 'AeroFit', the bio is the same as entered, and the category is 'Apparel & clothing'. The preview also shows navigation tabs (Posts, About, Followers, Photos, Videos, More) and a 'Follow' button.

Analysis: This screenshot shows the Facebook Page creation screen for AeroFit. The page name 'AeroFit' has been entered with a green tick confirming it is available. The category 'Apparel & clothing' has been selected which is the most appropriate category for a fitness footwear brand on Facebook. The bio clearly describes the brand as a premium fitness footwear brand. The desktop preview on the right shows exactly how the page will appear to users.

Screenshot: AeroFit Facebook Page – Live View with Logo and Cover Photo

Analysis: This screenshot shows the live AeroFit Facebook Page with a professional cover photo of a female runner, the Aero Fit logo as the profile picture, and the full brand description visible. The About section shows the location as Mumbai, Maharashtra, confirming the page is fully set up and optimized. The Manage Page menu on the left shows all available tools including Insights, Ad Centre, and Meta Business Suite.

3.2 Steps to Schedule a Facebook Post

9. Go to the AeroFit Facebook Page and click 'Create Post'
10. Write post content with fitness-related caption and hashtags
11. Add a high-quality product or fitness image
12. Click the dropdown arrow next to 'Post Now' and select 'Schedule Post'
13. Choose date and time (recommended: 7 AM, 12 PM, or 5 PM)
14. Click 'Schedule' to confirm

Screenshot: Scheduled Post in Facebook Content Library

Analysis: This screenshot shows the Facebook Content Library with the 'Scheduled' tab selected. The post 'Power your workout with Aero Fit! Our new Pro Runner series is here...' is successfully scheduled for Tomorrow at 10:00. This confirms that Aero Fit's post scheduling is working correctly. Using the scheduling feature allows the marketing team to plan content in advance and publish at optimal times without being online manually.

Task 4: Meta Ads Campaign – Objectives, Creation & Performance Measurement

4.1 Recommended Campaign Objectives

Objective	Purpose	When to Use
Awareness	Reach maximum new people	Launch phase – first 1-2 months
Traffic	Send users to website	When promoting new collections or offers
Engagement	Get likes, comments, shares	For new posts and page growth
Lead Generation	Collect customer data	B2B outreach and email list building
Sales/Conversions	Drive direct purchases	After Pixel is set up

4.2 Steps to Create the Ad Campaign

15. Go to Meta Ads Manager and click 'Create'
16. Choose Campaign Objective: 'Awareness' for brand building
17. Name campaign: 'Aero Fit Brand Awareness Campaign'
18. Set Ad Set: Name it 'Aero Fit – Fitness Enthusiasts India'
19. Set Target Audience: Age 21-40, India, Interests: Fitness, Gym, Sports, Running
20. Choose Placements: Advantage+ Placements for Facebook and Instagram
21. Create Ad: Single image format, write ad copy, add CTA 'Shop Now'
22. Preview on all placements before publishing

 **Screenshot: Meta Ads Manager – Audience Targeting Setup**

Analysis: This screenshot shows the Meta Ads Manager audience targeting setup for the 'Aero Fit Brand Awareness Campaign'. The age is correctly set to 21-40 years, gender is All, and detailed targeting includes interests like Gym, Sports, Fitness and wellness. The campaign score on the right shows 100/100 confirming this is the recommended setup. The estimated audience size is 403-474 million people in India, which gives Aero Fit a very broad reach to start building brand awareness.

Screenshot: Meta Ads – Advanced Preview across All Placements

Advanced preview

You can review how your ad will appear on different placements. We will show one variation for each impression based on what we predict will improve performance the most.

Analysis: This screenshot shows the advanced preview of the AeroFit ad across multiple placements including Facebook Feed, Instagram Feed, Instagram Stories, Facebook Stories, and Facebook Marketplace. The ad shows the AeroFit logo, the shoe product image, and the copy 'Step up your fitness game with Aero Fit! Premium running and training shoes for every workout.' Having ads on multiple placements ensures maximum visibility across both Facebook and Instagram audiences simultaneously.

4.3 Performance Measurement KPIs

KPI	Target
Click-Through Rate (CTR)	Above 1.5%
Cost Per Click (CPC)	Below Rs. 15
Conversion Rate	Above 2%
Return on Ad Spend (ROAS)	3x or higher
Engagement Rate	Above 3%

Task 5: Facebook Audiences, Pixel Integration & Remarketing

5.1 Types of Audiences to Create

Core Audiences (Interest-Based):

- Age 21-40, interested in fitness, sports, running, gym — targeting India's major cities first

Custom Audiences:

- Website Visitors: People who visited aerofit.com in last 30/60/90 days
- Customer List: Upload existing customer emails to target them on Facebook
- Video Viewers: People who watched 50%+ of Aero Fit video ads
- Page Engagers: People who liked, commented, or shared Aero Fit posts

Lookalike Audiences:

- 1% Lookalike based on website purchasers to find new similar customers

5.2 Meta Pixel Setup Steps

23. Go to Meta Events Manager → Connect Data Sources → Web → Meta Pixel
24. Name the pixel 'Aero Fit Pixel' and enter www.aerofit.com
25. Choose 'Install code manually' and copy the Pixel base code
26. Paste the Pixel code in the <head> section of every page on the website
27. Use Meta Pixel Helper browser extension to verify the pixel is firing

5.3 Key Events to Track

Event	Where to Place
PageView	All pages (base pixel)
ViewContent	Product detail pages
AddToCart	Add to cart button
InitiateCheckout	Checkout page
Purchase	Order confirmation page

5.4 Remarketing Strategy

- Retarget website visitors who did not purchase with a discount offer ad
- Show cart abandoners a reminder ad of the product they left behind
- Run dynamic product ads automatically showing users the exact product they viewed

Task 6: LinkedIn Business Page – Creation & Optimization for B2B

6.1 Why LinkedIn for Aero Fit

LinkedIn has a 3x sales impact. For Aero Fit, LinkedIn helps reach B2B customers like gym owners, corporate HR teams, sports institutes, and retailers who might bulk purchase footwear.

6.2 Steps to Create the LinkedIn Business Page

28. Log into LinkedIn and click the grid icon (Work) → Create a Company Page
29. Select 'Company' as the page type
30. Enter Company Name: 'Aero Fit' and LinkedIn URL: linkedin.com/company/aerofit
31. Fill in Industry, Company Size (11-50), Website URL, and Headquarters
32. Add Tagline: 'Empowering Every Step - Premium Fitness Footwear for Every Workout'
33. Upload Aero Fit logo as profile image and fitness banner as cover image
34. Write About section describing the brand and its B2B offerings
35. Click 'Create Page'

 [Screenshot: Aero Fit LinkedIn Business Page – Live View](#)

Analysis: This screenshot shows the live Aero Fit LinkedIn Business Page. The page displays the Aero Fit logo, the professional tagline 'Empowering Every Step - Premium Fitness Footwear for Every Workout', the industry as Retail Apparel and Fashion, location as Kurla, Maharashtra, and company size as 11-50 employees. The Overview section clearly describes Aero Fit's product range and target markets. This page will help Aero Fit reach B2B clients like gym owners and corporate wellness programs on LinkedIn.

Screenshot: Aero Fit LinkedIn Page – About Section & Company Details

Overview

Aero Fit is a premium fitness footwear brand catering to running, training, and casual shoe segments. We serve premium, standard, and economy markets across India. Our mission is to empower every fitness journey with the right footwear.

Analysis: This screenshot shows the LinkedIn About page with the full company overview, website URL (www.aerofit.com), Industry (Retail Apparel and Fashion), Company size (11-50 employees), and Headquarters location (Bandra Kurla Complex Road, Kurla, Maharashtra). Having complete company information on LinkedIn improves search visibility and builds credibility with B2B prospects searching for fitness footwear suppliers.

Task 7: YouTube Channel Optimization & Promotion

7.1 Essential Elements to Optimize the YouTube Channel

- Channel Name: 'Aero Fit Official' — professional and searchable
- Channel Description: keyword-rich, mentioning fitness footwear reviews, workout tips, shoe care guides
- Custom URL: @aerofitbrand
- Profile Photo: Aero Fit logo (800x800 px)
- Banner Image: Professional fitness banner (2560x1440 px)
- Website Link: aerofit.com added to channel
- Video SEO: keyword-rich titles, detailed descriptions, relevant tags, custom thumbnails
- Playlists: Organize videos into Running Shoes, Training Shoes, Fitness Tips, Reviews

Screenshot: Aero Fit Official YouTube Channel

Analysis: This screenshot shows the Aero Fit Official YouTube channel successfully created with the handle @aerofitbrand. The channel displays the Aero Fit logo as the profile picture, the channel description mentioning fitness footwear reviews and workout tips, and the website link aerofit.com. The channel already has 1 video uploaded. The Customize channel and Manage videos buttons are visible confirming the channel admin access. YouTube is a high-impact platform with 2x sales impact for Aero Fit, making this channel setup essential for the digital strategy.

7.2 Ways to Promote the YouTube Channel

- Share every new video on Facebook, Instagram, and LinkedIn immediately
- Create YouTube Shorts from longer videos to attract new viewers
- Run YouTube TrueView In-Stream Ads targeting fitness enthusiasts aged 21-40
- Collaborate with fitness YouTubers for sponsored content
- Embed YouTube videos on the Aero Fit website product pages
- Use trending hashtags: #FitnessShoes #AeroFit #RunningShoes

Task 8: Automation, Social Listening & Video-Making Tools

8.1 Social Media Automation & Scheduling Tools

Tool	Purpose	Why for Aero Fit
Hootsuite	Schedule posts across all platforms	Manage Facebook, Instagram, LinkedIn, YouTube from one dashboard
Buffer	Post scheduling and analytics	Simple and affordable for growing brands
Meta Business Suite	Free tool for Facebook and Instagram	Schedule posts and view insights for free
Later	Visual Instagram planner	Drag-and-drop calendar for visual content planning

8.2 Social Listening Tools

Tool	Purpose	Key Feature
Brandwatch	Monitor brand mentions	Real-time alerts when Aero Fit is mentioned
Mention	Track brand and competitor mentions	Affordable and easy to set up
Google Alerts	Free email alerts for brand mentions	Great free starting point
Talkwalker	Advanced trend analysis	Spot trending fitness topics to capitalize on

8.3 Video-Making Tools

Tool	Best For
Canva	Social media graphics, Reels, YouTube thumbnails
CapCut	Fast mobile video editing for Reels and Shorts
Adobe Premiere Pro	Professional long-form YouTube videos
Animoto	Product promo videos from templates
Lumen5	Turn blog posts into videos using AI

Conclusion

After analyzing the industry data and Aero Fit's current situation, it is clear that the brand has a huge opportunity in the digital space. The fitness footwear market is growing at double digits, and Facebook + Instagram are the strongest platforms for sales impact (5x). With the right strategy, Aero Fit can not only regain its Customer Market Share and Revenue Market Share but also emerge as a leading digital brand in the fitness footwear category.

Key recommendations:

- Start with Facebook and Instagram ads — highest ROI with 5x sales impact
- Build YouTube content to establish long-term brand authority (2x impact)
- Use LinkedIn for B2B sales targeting gym owners and corporates (3x impact)
- Set up Meta Pixel from Day 1 to enable remarketing and conversion tracking
- Use tools like Hootsuite, Canva, and Google Alerts to manage workload efficiently

If Aero Fit follows this plan consistently for 6-12 months, the brand can realistically achieve 10-15% digital revenue growth and start competing effectively with Nidas, Dike, Buma, and Teebok in the online space.

--- End of Project ---
